

## DISTANCE EDUCATION ACCREDITING COMMISSION

# STUDENT ACHIEVEMENT DISCLOSURE FOR THE PUBLIC

DEAC accredited institutions offer a broad array of instructional programs and student support services to meet varied educational and professional goals of a highly diverse student population. Institutions determine appropriate performance criteria to measure the success of their students in achieving their goals in the context of the institution's specific mission and scope. You will find below (1) a summary of how this institution measures student achievement in the context of the institution's mission and educational programs, and (2) student achievement metrics which the institution believes best reflect student and program performance. For more information about DEAC standards and requirements, please visit [www.deac.org](http://www.deac.org).

### Summary of Institution Mission and Student Achievement

The NationsUniversity mission is building authentic faith and training Christian leaders around the world through affordable and accessible higher education utilizing distance learning.

NationsUniversity conducts numerous statistical analyses in its ongoing efforts to assure quality programs. Per DEAC requirements, two key pieces of data are provided to the public: graduation rates and retention rates. Because NationsUniversity uses rolling enrollment and an asynchronous, self-paced model, these numbers can be challenging to calculate. However, the data presented below by program accurately reflects the student outcomes.

In addition, NationsUniversity assesses overall student satisfaction. This satisfaction is assessed with three questions:

1. Did you meet your educational goals that you had when you started at NationsUniversity?
2. Would you recommend these studies to a friend?
3. All things considered, were you satisfied with your studies at NationsUniversity?
