Letter from the President

Dear Friends,

Welcome to NationsUniversity®! We appreciate your interest in academic study focused on the Bible. In our view, this is the most important journey one can take. We are honored to walk alongside you in this effort. As you read the academic program and course descriptions in this catalog, you will note that they are all focused on scripture. This is by design. A rigorous encounter with God's Word is life changing.

We welcome students of every faith as well as those who doubt whether faith is credible in the present age. Our faculty and supporters feel no obligation to denominational bias and simply want to help students learn to let scripture speak for itself. Agreement with specific doctrines and beliefs is not required at our university. Students who disagree with our conclusions and the principles we teach are welcome. We ask that each student explore biblical content in an atmosphere of objectivity. Together, we seek to understand the Bible's timeless message and consider how it equips us to face our world and its challenges.

We welcome students who have difficulty overcoming cost, distance, access, and cultural barriers in receiving Christian higher education. Our approach to accredited online education allows students to earn a degree without being burdened with massive debt. Students can access required textbooks and study materials through our student learning website at no additional cost. Each student engages in education at their own pace and on their schedule. While the financial cost is nominal, the personal cost involves dedication, self-motivation, and discipline in online study.

Thank you for allowing us to join you on this journey!

Peace,

John Baxter, Ed.D.

Academic Philosophy

NationsUniversity® offers degrees in biblical and related studies only. In recognizing the value of a broad liberal arts education by featuring a liberal arts core, the institution reflects a disposition that humans also need spiritual nourishment. Consequently, it focuses on religious themes. And as surely as the study of religious themes encompasses a wide range of belief systems that are impacted by anthropological, social, economic, political, psychological, scientific, and philosophical thought, the principals of the institution have chosen to give primary attention to the biblical text. Supplemental studies such as cultural backgrounds, church history, and comparative religions are included, but only in consideration of the canonical Hebrew and Greek scriptures.

The institution is set for leading students to consider the merits and vitality of the Christian way of life. It fosters the belief that a fair and critical investigation of scripture within its historical context and in view of human knowledge will lead to a wholesome worldview and lifestyle. At least, the institution wishes to offer its students this possibility.

Commitment

The institution is committed to fulfill its mission through quality distance education programs. The mission calls for a solid educational foundation. Building faith is not an emotional experience; it is an educational endeavor, built upon knowledge and understanding. Developing Christian leaders is likewise a calculated enterprise, constructed on knowledge and sound principles. For a proper foundation to be laid, a serious, high level, and objective presentation of the Christian faith and its rationale is essential. Therefore, the institution is committed to engage each student in a rigorous confrontation with the biblical text, hermeneutical techniques, alternative worldviews, historic interpretations, and spirituality.

Intent and Perspective

NationsUniversity strives for fairness in its treatment of religious topics and honesty in presentation. Although coming from a Christian perspective, it does not knowingly misrepresent other orientations. The Bible is treated as an authoritative work, bearing the marks of inspiration rather than myth. Its message is taken seriously and interpreted contextually. Historical interpretations are of interest, but they do not govern the interpretive process.

The Bible is understood to reveal the intent of God relative to human redemption. God's activity focused on a promise to Abraham, the witness of Israel, and the incarnation of Jesus Christ. In the process of establishing his spiritual kingdom, God sent his Son, born of a virgin, to teach, die on a cross, be resurrected, and ascend into heaven. The Holy Spirit was sent to guide the apostles in proclaiming redemption and to assist believers in their spiritual journey. In Christ, God unites all believers into one body, the church. The members of that body become his instruments to proclaim the gospel and live in a manner that declares the glory of God. At the conclusion of the human journey, all will be judged and assigned to a proper habitat according to the just will of the Creator.

History

NationsUniversity grew out of a vision to provide educational opportunities for people for whom religious studies were inaccessible and unaffordable. The target audience included persons from developing countries, countries that are closed to overt Christian teaching, and the incarcerated. The founders of the institution were determined to find a way to make a difference in the lives of these people and set out to create a means to deliver quality education in these settings.

The concept that evolved into NationsUniversity had its beginning on July 4, 1995, with Richard Ady and Mac Lynn. Ady had spent his adult years in local and foreign church work. Out of these experiences he had developed the World English Institute and was involved in teaching in several countries. Lynn had spent nearly 30 years in higher education in both teaching and administration. More recently, he had become interested in taking educational opportunities he had enjoyed to those who had been less privileged. As these two college classmates, co-workers, and long-time friends reflected on their interests in worldwide religious education, a simple plan was conceived. The plan was to enlist volunteers who would travel throughout the world at their own expense to conduct seminars and short courses in religious studies.

During the next several months, short courses were indeed conducted in a few international locations. Eventually nearly two hundred volunteers were recruited to lend assistance in a variety of tasks. As an increasing number of people became aware of the activity, the request for degree programs began to be heard.

The institution was incorporated in Louisiana with a board of three (Ady, Lynn, and Darrell Frazier) and approved to grant degrees in religious studies by the Board of Regents of Louisiana in 1996. The name was registered with the U.S. government in 1998, and subsequently renewed through July 7, 2028. The institution was also granted tax exempt status by the Internal Revenue Service as a 501(c)(3) organization in the same year. NU's corporate address is 3201 N. 7th St., West Monroe, LA 71291. All business is conducted through an office located at 650 Poydras St., Suite 1400, PMB 133, New Orleans, LA 70130.

As NationsUniversity grew in students and in academic strength, the governing board made the decision to move toward accreditation with a national commission approved by the U.S. Department of Education. In an effort to bring the school into line with accreditation standards, the degree offerings were streamlined, additional general education courses were added, stricter admissions standards were put into place, courses were upgraded, new student services were initiated, and foreign language courses were moved to a non-credit value.

The Distance Education Accrediting Commission (DEAC) at its meeting held on June 26, 2015 awarded NationsUniversity an initial grant of accreditation following a comprehensive evaluation of the institution and its programs. Accreditation was renewed in June 2019 and again in June 2023.

In September 2023, DEAC and the Tennessee Higher Education Commission approved authorization for NationsUniversity to operate administrative facilities in Brentwood, Tennessee.

NU makes use of rolling admissions and enrollment. As of December 1, 2026, active enrollments stood at 1,194 students in 86 countries. Of the total enrollments, 231 were enrolled in Certificate in Biblical Studies, 222 in the Graduate Certificate in Biblical Studies, 136 in the Bachelor of Religious Studies, 107 in the Master of Theological Studies, and 38 in the Master of Divinity. The remaining students are in a pre-admission track or non-degree seeking.

For the 2024-2025 Academic Year, we awarded the following: CBS: 27 awards, CCM: 5 awards, BRS: 8 awards, GCBS: 40 awards, MTS: 33 awards, M.Div.: 1 awards

Financial Information

Fees and Tuition Policy

1. Registration Fee. A one-time initial application fee of \$25 shall apply to all new students.
2. Tuition Fee. The tuition shall apply to all students except those identified below in Section 3. The tuition covers as many courses as the student desires to attempt in accordance with his or her academic plan of study during his or her academic term.
 - a. Undergraduate and Master's Students.
 - i. Quarterly Tuition. NationsUniversity uses a rolling enrollment, so it does not have semesters or quarters in the traditional sense. A student's academic quarter is calculated from the date of the completed application and new quarters of study must be purchased every three months to remain active and in good standing. The quarterly tuition rate is \$450.
 - ii. Initial Academic Quarter. The first quarterly tuition shall be assessed upon acceptance of a student's application and shall be due immediately. The initial academic quarter begins from the date of acceptance of the application. The student may enroll in as many courses as he or she desires to attempt in accordance with his or her academic plan of study without additional tuition being assessed.
 - iii. Subsequent Academic Quarter(s). If a student continues his or her studies beyond the first quarter, he or she may purchase additional quarters of study at the then-current rate. The full quarterly tuition is due and must be paid prior to the beginning of the subsequent quarter(s) of study. The student may continue his active studies and enroll in as many courses as he or she desires to attempt in accordance with his or her academic plan of study during this subsequent quarter without additional tuition being assessed.
 - b. Doctoral Students.
 - i. Trimester Tuition. Doctoral students are charged tuition for three trimesters per year, with each trimester being four months in length. Each trimester is \$600 in tuition.
 - ii. Academic Trimesters. The three trimesters are September-December, January-April, and May-August. Payment is due prior to the beginning of each trimester.
 - iii. Monthly Payment Option. NationsUniversity offers the option of monthly payments on all tuition invoices. The student may elect to make three monthly payments, with each payment being one-third of the tuition. NationsUniversity will not charge any finance charges or interest on any balance.
3. Discounted Groups: The following identified groups are eligible for specific discounts on tuition.
 - a. Prison students. Students incarcerated in the U.S. are eligible for a 100% discount on tuition. All fees, both required and optional, are still due at the time they are incurred, including but not limited to application fees and graduation fees.
 - b. Students discharged from prison. Students who have been enrolled while in prison shall, upon their release, receive automatically a discount of 100% of the tuition rate in effect at the time of their release for a period of one year following release.
 - c. Students in impoverished countries. Students who reside outside of certain developed countries are eligible for a 100% discount on tuition, not including the application fee, for non-doctoral programs. If a territory belonging to one of the identified impoverished countries has an internationally recognized ID code that is different from its parent country, the tuition shall not apply. The Board of Regents will determine the maximum number of countries which will pay tuition based on a review of international financial information. This financial information will be obtained in the following manner:
 - i. The list of all countries with pertinent financial information will be obtained from the International Monetary Fund, United Nations, and/or other reliable data source.
 - ii. The list of countries will be sorted by Gross Domestic Product adjusted by the Purchasing Power Index, with the highest grossing countries listed first.
 - iii. Countries with populations of less than 100,000 will be excluded from the list due to the unreliability of information when dealing with such a small sample.

- iv. Territories of identified countries will be removed from the list as they will be included with the parent countries' eligibility determination.
- v. To control for and allow for economic volatility, countries that appear in a current list but which fall below the GDP-PPI threshold after recalculating a new list will remain on the new list if its GDP-PPI is within 5% of GDP-PPI of the lowest country or countries. The existing country or countries will replace the lowest country or countries on the recalculated list.

Sample Calculations

Non-Discounted Students

1. A student is admitted to a rolling enrollment program at NU and pays the \$25 application fee and his or her quarterly tuition of \$450. The student enrolls in his or her first course of the quarter but withdraws after 10 days and the completion of one graded assignment. NU may retain the application fee of \$25 and 10% of the tuition. The student is entitled to a refund of 90% of the quarterly tuition. The student will receive a check in the amount of \$405 ($\$475 - (\$25 + (\$450 \times 10\%)) = \405)
2. A student is admitted to NU and pays the application fee of \$25 and his or her quarterly tuition of \$450. The student enrolls in two courses but withdraws after 25 days and the completion of one graded assignment in each. Because the student has completed two assignments, NU may retain 25% of the tuition, and the student is entitled to a refund of 75% of the quarterly tuition of \$450. The student will receive a check in the amount of \$337.50 ($\$475 - (\$25 + (\$450 \times 25\%)) = \337.50)
3. A student is admitted to a fixed-term program at NU and pays the \$25 application fee and his or her trimester tuition of \$600. The student enrolls in his or her first trimester but withdraws during the sixth week of the trimester. Based on the above schedule, NU may retain the application and 70% of the tuition paid, and the student is entitled to a refund of 30% of the tuition. The student will receive a check in the amount of \$180.00 ($\$625 - (\$25 + (\$600 \times 70\%)) = \180.00)
4. A student is admitted to NU and pays the \$25 application fee and his or her first quarter tuition of \$450. The student then withdraws within five days of admission. Regardless of the number of assignments completed, the student is entitled to a full refund of all fees and tuition. The student will receive a check in the amount of \$475.00 ($(\$25 + \$450 - 0\%) = \475.00)

Discounted Students

1. A student is admitted to any program type at NU and pays the \$25 application fee. The student receives a 100% discount on his or her tuition so pays nothing. The student enrolls in his or her first course of the quarter but withdraws after 10 days and the completion of one graded assignment. NU may retain the application fee of \$25 and 10% of the tuition. The student is entitled to a refund of 90% of the quarterly tuition. The student will receive a check in the amount of \$0 ($\$25 - (\$25 + (\$0 \times 10\%)) = \0)
2. A student is admitted to any program type at NU and pays the application fee of \$25. The student receives a 100% discount on his or her tuition so pays nothing. The student enrolls in two courses but withdraws after 25 days and the completion of one graded assignment in each. Because the student has completed two assignments, NU may retain 25% of the tuition, and the student is entitled to a refund of 75% of the quarterly tuition of \$450. The student will receive a check in the amount of \$0 ($\$25 - (\$25 + (\$0 \times 25\%)) = \0).
3. A student is admitted to a fixed-term program at NU and pays the \$25 application fee and his or her trimester tuition of \$600. The student enrolls in his or her first trimester but withdraws during the sixth week of the trimester. Based on the above schedule, NU may retain the application and 70% of the tuition paid, and the student is entitled to a refund of 30% of the tuition. The student will receive a check in the amount of \$180.00 ($\$625 - (\$25 + (\$600 \times 70\%)) = \180.00)
4. A student is admitted to NU and pays the \$25 application fee and his or her first quarter tuition of \$450. The student then withdraws within five days of admission. Regardless of the number of assignments completed, the student is entitled to a full refund of all fees and tuition. The student will receive a check in the amount of \$475.00 ($(\$25 + \$450 - 0\%) = \475.00)

Requests for Hiatus from Studies

Tuition-paying students may request a hiatus at any time during their studies. When the written request for a hiatus is received prior to the first day of the student's next academic quarter, no tuition shall be charged. If, however, the student fails to notify his or her advisor or the finance office prior to beginning the next academic quarter and continues to submit assignments, the student will accrue the tuition for the next quarter minus the amount of a refund had the student paid.

Sample Calculation:

A student's next academic quarter begins on August 10th. On August 22nd, prior to paying the current quarter's tuition, the student notifies the finance office that they wish to take a hiatus. If the student has completed one assignment between August 10th and August 22nd, he or she must pay 10% of the delinquent tuition prior to beginning a new quarter of study.

Student owed \$450 in tuition for current quarter.

Refund percentage allowed based on 1 graded assignment is 90%, or \$405.

Student owes the remaining \$45 due to the university which must be paid prior to reinitiating studies.

Students Called to Active Military Service

A student of NationsUniversity who withdraws from the University as a result of being called to active duty in a military service of the United States or their State National Guard and is unable to continue his studies may, upon request, receive a full refund of tuition and fees paid.

A proficient student is one who can navigate online courses, research effectively, think critically, and write professionally. Therefore, each student is required to work through a non-credit orientation course in the first nine (9) hours of their degree plan. The orientation provides instructions on navigating their student information dashboard, their online courses, and the EBSCO library. In addition, the course offers advice, insights, and tools to ensure all students are successful in their academic studies. The course is non-credit, but it must be passed before the student is permitted to take their first proctored examination, which occurs after the student completes the first nine (9) hours of the degree plan. The course consists of reading material, videos, and two short quizzes. All students must complete this orientation.

Bachelor of Religious Studies Bridge Program (B.R.S. Bridge)

For qualified students, whose plans include graduate studies, NationsUniversity offers a "Bridge" program that allows students to earn twelve (12) hours of graduate credit while completing their undergraduate degree. The Program Learning Outcomes of the B.R.S. Bridge are the same as the B.R.S. Students who elect to participate in the B.R.S. Bridge are not eligible to receive the Graduate Certificate in Biblical Studies (G.C.B.S.) upon completion of the twelve hours of graduate courses. The simultaneous application of these hours to the B.R.S. and the M.T.S. prevents the use of these hours for any other academic programs or awards prior to the M.T.S.

Admission to the B.R.S. Bridge Program

Admission to the B.R.S. Bridge Program will require the following:

2. Must have completed the Certificate in Biblical Studies or 21 hours of Foundations, and
3. Earned a CGPA of 3.0 or higher, and
4. Have a combined score on the first two Proctored Comprehensive Exams of 80% or higher, and
5. Have a combined "B" average on the final essay in BRS 125 and BRS 126.
6. For students whose native language is not English, submission of a TOEFL score of 500 or above or acceptable substitute (61 iBT, 6.0 IELTS, 44 PTE, grade level 3 on ACT Compass, Pre-1 on Eiken English Proficiency Exam, secondary school diploma where instruction is in English, or "C" or better on English Composition from an accredited college).
7. A student may transfer up to 60 hours into the B.R.S. Bridge to meet the General Education

and General Elective requirements. Religious courses taken at other appropriately accredited institutions will be applied to General Electives.

- A student is counted as a matriculated, degree-seeking student once they have completed their initial proctored exam.

Movement between traditional B.R.S. and B.R.S. with Bridge Option

A student must choose either the traditional B.R.S. program or B.R.S. with Bridge Option prior to or immediately after completing the Proctored CBS Comprehensive Exam #2. Once a student applies to the traditional B.R.S. program, the student may not, at a later date, decide to exercise the Bridge Option. The B.R.S. Bridge uses different courses to meet program outcomes and requires the student to take the two Graduate Qualifying Exams instead of the BRS Comprehensive Exam as evidence of successful mastery of material. Students in the traditional B.R.S. program will not have had the necessary coursework.

Students, after being admitted into the B.R.S. with Bridge Option, may choose to discontinue the pursuit of the graduate courses. Any graduate course completed with a grade of 70 or higher will count towards the student's award of the B.R.S. and toward any future graduate work beyond the Graduate Certificate in Biblical Studies.

Requirements for Graduation

Students admitted into the B.R.S. Bridge must meet the following requirements for graduation and be eligible to apply the fifteen hours of graduate credit to a subsequent master's degree.

- Complete 120 hours as detailed below.
- Complete 60 hours of religious courses at NationsUniversity.
- Earn a CGPA of 2.0 for all coursework.
- Pass two undergraduate proctored comprehensive exams (PCEs).
- Pass two proctored Graduate Qualifying Exams.

In addition to academic requirements, all financial obligations to the university must be fulfilled prior to the graduation deadline.

Transition to Master of Theological Studies Program

Students who complete the graduation requirements above are not automatically admitted into the Master of Theological Studies (M.T.S.). In order to be eligible for continued studies beyond the bachelor's level, a student must have an earned CGPA of 3.0 on all coursework, including graduate studies. This requirement is to ensure consistency with NationsUniversity's admission requirements for the M.T.S.

Course Requirements

Requirements for the B.R.S. Bridge are divided into five sections: (1) Required Core Courses, (2) General Education,

(3) Additional Religious Studies, (4) Required Bridge Courses, and (5) General Electives. Prior to beginning the Required Bridge Courses identified below, a student must complete the 21 hours of Required Core Courses, 30 hours of General Education, and 21 hours of Additional Religious Studies. General Electives may be taken concurrently with Bridge courses.

Courses taken prior to January 1, 2012, may not be applied to current program requirements, with one exception. Courses applied to the C.R.S. or M.R.S. award between 1/1/2012 and 12/31/2013 may be used to meet current program requirements.

Bachelor of Religious Studies Bridge with Transfer Bridge Option (Transfer Bridge)

The B.R.S. Transfer Bridge is designed to meet the needs of non-traditional students who have completed at least 90 semester credits towards an undergraduate degree at another institution but who have not graduated with a four year degree previously. The B.R.S. Transfer Bridge allows these students to begin work simultaneously on a four-year, accredited undergraduate degree and a master's degree.

Students who elect to participate in the B.R.S. Bridge are not eligible to receive the Graduate Certificate in Biblical Studies (G.C.B.S.) upon completion of the fifteen hours of graduate courses. The simultaneous application of these hours to the B.R.S. and the M.T.S. prevents the use of these hours for any other academic programs or awards prior to the M.T.S.

Admission to the B.R.S. Transfer Bridge Program

Admission to the B.R.S. Transfer Bridge Program will require the following:

1. Must have completed a minimum of 90 semester credits at appropriately accredited institution(s). Only 90 hours, or 75% of degree requirements, will be transferred into the degree plan per NationsUniversity policy.
2. Ninety hours must include 30 semester credits of General Education courses, including six (6) credits of English
3. Ninety hours must include 30 semester credits in religious coursework.
4. Must have a CGPA of 3.0 or higher on all religious coursework.
5. Must successfully complete MRS 622 with a grade of "B" or higher.
6. A student is counted as a matriculated, degree-seeking student once they have completed their initial proctored exam.

Requirements for Graduation

Students admitted into the B.R.S. Bridge must meet the following requirements for graduation and be eligible to apply the fifteen hours of graduate credit to a subsequent master's degree.

1. Complete 30 hours as detailed below.
2. Earn a CGPA of 2.0 for all coursework.
3. Pass two proctored Graduate Qualifying Exams.

Time allowance and estimated costs are the same for the B.R.S. Transfer Bridge as the traditional B.R.S. minus applicable transfer credits.

Transfer Credits

Transfer credits can only be accepted from an accredited institution. Transfer credits are only granted from official transcript evaluations. Official transcripts are those sent directly from the issuing institution and not by way of the student. Only in special circumstances from certain countries are authenticated documents accepted as valid.

Graduate Programs

Graduate Certificate in Biblical Studies (G.C.B.S.)

The Graduate Certificate in Biblical Studies is a 15-credit graduate level certificate designed to provide a more in-depth study of the Greek and Hebrew Scriptures for individuals who have developed a basic understanding through undergraduate studies or personal enrichment. Building on this foundation and a student's previously demonstrated academic successes, the Graduate Certificate in Biblical Studies challenges students to use critical thinking skills and personal devotion to expand their rudimentary understanding of biblical stories and texts. Students in the Graduate Certificate in Biblical Studies will learn to connect the biblical texts with the world around them to make better spiritual, ethical, and life decisions.

Admission to the Graduate Certificate in Biblical Studies

Admission to the G.C.B.S. program will require the following:

1. Submission of an official transcript that indicates completion of an applied bachelor's degree in theology or a related topic (minimum of 90 credits), a bachelor's degree (minimum 120 credits with appropriate general education courses), or higher degree from an accredited or nationally approved institution with a GPA of 3.0 or higher. (In the event a student cannot, for reasons beyond his/her control, submit official documentation of having completed the bachelor's degree, he/she may appeal to the Registrar and state the reasons. The Registrar will review the appeal and make a judgment as to how the official documentation requirement for the previous bachelor's degree may be satisfied.)
2. Submission of a TOEFL score of 530 or above or acceptable substitute (71 iBT, 6.5 IELTS, 50 PTE score) by students whose native language is not English or whose undergraduate degree is not in English.
3. Having no financial obligations to the University.
4. A student is counted as a matriculated, degree-seeking student once they have completed their initial proctored exam.

Program Learning Outcomes

The Graduate Certificate in Biblical Studies program imparts a general foundation in the biblical and theological disciplines. Distinctively, the outcomes of the G.C.B.S. program are to prepare graduates who,

1. Strengthen foundations for enriching personal spiritual faith and developing spiritual maturity.
2. Enhance understanding of biblical theology through systematic analysis of Scripture in its social, historical, and literary settings.
3. Develop skills to teach well-prepared lessons.

Course Requirements

The G.C.B.S. consists of five courses. The first course, MRS 622, lays the spiritual foundation and goals of biblical studies and establishes a framework for those studies as well. The combination of M 1 and M 2 provide students

with in-depth knowledge of the Bible and introduces them to the critical thinking skills needed to study the Bible. M 3 and M 4 then provide students a systematic study of major themes and additional skills needed to teach others. These higher-level skills will allow students to study the Bible effectively in the classroom context, to mature spiritually, and to teach biblical texts and truths to others.

M 3	Biblical Theology

----	(Proctored) Graduate Qualifying Exam #2----

Students who complete the Graduate Certificate in Biblical Studies may apply those 15 hours towards the foundation courses found in the M.T.S. or M.Div. Completion of the G.C.B.S. does not imply acceptance into a graduate program. A separate application process is required.

Courses taken prior to January 1, 2012, may not be applied to current program requirements, with one exception. Courses applied to the C.R.S. or M.R.S. award between 1/1/2012 and 12/31/2013 may be used to meet current program requirements.

Additional Graduation Requirements

NU is a distance learning institution and operates without defined semesters or terms; therefore, students work at their own pace. Courses are normally completed one at a time, but a student is not prohibited from enrolling in multiple courses simultaneously. Credit is calculated according to the semester system. The final cumulative grade point average must be a minimum of 2.00 on a 4.00 scale on the credits used for the degree.

In addition to the minimum C.G.P.A. requirement, all students must successfully pass two proctored comprehensive exams administered after M 2 and M 4.

All financial obligations must be satisfied two weeks prior to a NationsUniversity graduation date before a certificate can be conferred and before a transcript can be issued.

Time Allowance and Estimated Total Costs

The projected completion time for the G.C.B.S.

program is 1 year. The cost for students who reside in the 35 developed countries listed under Financial Information is a one-time \$25 registration fee and a tuition charge of \$450 per quarter. Tuition and fees are guaranteed for only two (2) years. At this rate, students residing in one of the 35 developed nations may expect to pay \$1,825 if they complete the G.C.B.S. within 12 months or \$2,725 if they extend their studies over 18 months. Textbooks and other resources are available online in an electronic format without cost to the student. Any purchase of hard copy books is totally optional. Incarcerated students living within the United States are assessed only the \$25 registration fee but are responsible for securing hard copy textbooks, which will run about \$500 for the G.C.B.S.

Students normally complete degree requirements in effect when they are formally admitted, unless completion comes after seven years from initial admission. Course requirements may be adjusted at any time. The requirements are displayed in the curriculum assigned to their username and in older editions of the NU Catalog. These students may opt to complete their degree under the current requirements upon request.

Transfer Credits

No transfer credit into the Graduate Certificate in Biblical Studies is permitted.

Master of Theological Studies (M.T.S.)

The Master of Theological Studies (M.T.S.) is a 36-hour general academic graduate degree providing a serious study that covers Scripture, historical and systematic theology, comparative theology and ethics. Theology in this instance is understood to encompass both critical religious study--primarily of the Christian religion--and its practice. As such courses may contain theoretical and spiritual formation components. Many students choose the M.T.S. solely as a way to increase their knowledge of Christianity as well as to bring that knowledge to their families, careers, or individual lives. The program builds on either the B.R.S. or on undergraduate degree programs earned elsewhere. The degree is generally completed in two years.

Admission to the Master of Theological Studies

Admission to the M.T.S. program will require the following:

1. Submission of an official transcript that indicates completion of an applied bachelor's degree in theology or a related topic (minimum of 90 credits), a bachelor's degree (minimum 120 credits with appropriate general education courses), or higher degree from an accredited or nationally approved institution with a GPA of 3.0 or higher. (In the event a student cannot, for reasons beyond his/her control, submit

official documentation of having completed the bachelor's degree, he/she may appeal to the Registrar and state the reasons. The Registrar will review the appeal and make a judgment as to how the official documentation requirement for the previous bachelor's degree may be satisfied.)

2. Completion of 15 credits of Foundations courses (MRS 622, M 1, M 2, M 3, and M 4) or the G.C.B.S. with a 3.00 grade point average.
3. Submission of all required activities, papers, and forum postings associated with the Foundation courses.
4. Passing two (2) qualifying examinations.
5. Having no financial obligations to the University.
6. Submission of a TOEFL score of 530 or above or acceptable substitute (71 iBT, 6.5 IELTS, 50 PTE score) by students whose native language is not English or whose undergraduate degree is not in English.
7. A student is counted as a matriculated, degree-seeking student once they have completed their initial proctored exam.

Prior to acceptance into the M.T.S., the student's writing ability will be assessed by way of a review of performance on the essays developed in the foundation courses. If the student is weak in writing skills, a decision on admission may be delayed until he/she has completed M 17 Research and Writing, which includes more extensive writing.

If the student presents a three-year Bachelor of Theology or similar degree or diploma, the student may be admitted to the master's program only after completing 30 credits of leveling work identified by the Office of the Registrar. However, in this instance, a bachelor's degree will not be awarded, as the credits are considered "leveling" work.

Program Learning Outcomes

The Master of Theological Studies (M.T.S.) program imparts a general foundation in the biblical and theological disciplines. Distinctively, the outcomes of the M.T.S. program are to prepare graduates who,

1. Have strengthened foundations for enriching personal spiritual faith and developing spiritual maturity.
2. Have enhanced their understanding of biblical theology through systematic analysis of Scripture in its social, historical, and literary settings.
3. Have an increased understanding and appreciation for diverse worldviews.

Course Requirements

The spiritual dimension and development courses bracket the program but are operative throughout. The foundation courses M 1 through M 4 provide evidence that the student has comprehensive understanding of the biblical text, the theological message of the Bible, and exegetical methodology needed to complete the master's program. Students who complete MRS 622, M 1, M 2, M 3, and M 4 as part of the G.C.B.S. may apply those 15 hours towards these Foundation courses. Foundation courses must be taken in the order listed below. Specialty courses are electives and may be drawn from any course numbered MRS 100-500, 700 in any order. However, MRS 633 Being Christian in a Secular Environment must be taken in the last 9 hours of the program.

Courses taken prior to January 1, 2012, may not be applied to current program requirements, with one exception. Courses applied to the C.R.S. or M.R.S. award between 1/1/2012 and 12/31/2013 may be used to meet current program requirements.

The final cumulative grade point average must be a minimum of 3.00 on a 4.00 scale on the credits used for the degree. In addition to the minimum cumulative G.P.A. requirement, students in the M.T.S. program must complete one additional proctored comprehensive exam at the end of the program of study prior to the capstone essays. Arrangements for the proctored exam will be made with the student's advisor.

The final academic requirement for graduation with the M.T.S. is the completion of a series of capstone essays. Capstone essays require the student to demonstrate mastery of all M.T.S. Program Learning Outcomes. Arrangements for these essays will be made with the student's advisor upon completion of the proctored comprehensive exam. All financial obligations must be satisfied two weeks prior to a NationsUniversity graduation date before a degree can be conferred and before a transcript can be issued.

Time Allowance and Estimated Total Costs.

The projected completion time for the M.T.S. degree is 24 months of full-time uninterrupted study. The cost for students who reside in the 35 developed countries listed under Financial Information is a one-time \$25 registration fee and a tuition charge of \$450 per quarter. Tuition and fees are guaranteed for only two (2) years. At this rate, students residing in one of the 35 developed nations may expect to pay \$3,625 if they complete the M.T.S. with 24 months. Allowing for a modest increase in tuition after 24 months, students who extend their studies to 36 months may expect to pay \$5,875. Textbooks and other resources are available online in an electronic format, without cost to the student. Any purchase of hard copy books is totally optional.

Students normally complete degree requirements in effect when they are formally admitted, unless completion comes after seven years from initial admission. These students may be required to complete their degree under the current requirements. Course requirements may be adjusted at any time. The requirements are displayed in the plan of study assigned to the student and may be found in older editions of the NU Catalog.

Transfer Credits

A maximum of six (6) semester credits may be accepted in transfer toward the M.T.S., provided the credits are (1) religious in nature, (2) come from an accredited institution, and (3) have not been applied toward another degree.

Curriculum

Once formal admission is granted, the student is assigned to the M.T.S. curriculum. Courses that have been completed from this curriculum will count toward the M.T.S. degree. Students normally complete degree requirements in effect when they are formally admitted, unless completion comes after seven years from initial admission. Transference to a new plan means that all requirements in this plan must be fulfilled.

Optional Master's Thesis

For students wishing to pursue a Doctor of Philosophy degree after the completion of the M.T.S., NationsUniversity makes an optional master's thesis available. The optional thesis allows students to demonstrate their research and writing skills at the post-graduate level and meet the

requirement for admission into many Ph.D. programs. The thesis is to be a research-based inquiry into the biblical and theoretical foundations underpinning various theological views and practices throughout the world and throughout history. The thesis is not a ministry project with analysis and reporting. Students wishing to do research in practical ministry should consider pursuing the Master of Divinity.

Students electing the optional thesis must secure a Committee Chair and a Thesis Advisor. Unless otherwise arranged, the professor of record for MRS 800 and MRS 810 will serve as the Committee Chair. A student may select a third member of their committee, or one will be assigned. The Thesis Advisor must be qualified by both credentials and experience or expertise.

The thesis is a total of six hours of graduate credit divided between two courses, MRS 800 Thesis Development and Proposal and MRS 810 Thesis Completion and Defense. Each of these courses is described below. Since these courses are beyond the requirements of the M.T.S., students are responsible for the additional costs associated with the courses, including tuition, books, and research resources. Normal discounts will apply to designated student categories.

Eligibility: Students must have completed all coursework for the M.T.S. with no course grade below an 80. In addition, the student must select a topic suitable for a graduate-level research project and be able to secure a Thesis Advisor from among the NationsUniversity Faculty with both the credentials and expertise and/or experience in the chosen area.

Additional Time and Costs: It is expected that a student will be able to complete all six credits within a 12-month period beyond the completion of the M.T.S. coursework. As such, the expected tuition cost for the additional thesis option is \$1,800. Books and resources are provided free of charge to online students through NationsUniversity's EBSCO library.

Students who elect the thesis option may substitute the thesis for the M.T.S. Capstone. However, students who do not complete both courses below will still be required to complete the M.T.S. Capstone.

Master of Divinity (M.Div.)

NationsUniversity's Master of Divinity program seeks to train Christian leaders in the areas of applied Christian living and ministry. The University's Master of Divinity program is an 84-credit hour program designed as a first professional degree in ministry. Therefore, NationsUniversity M.Div. graduates are best prepared for the professional practice of ministry but are equally prepared for to continue their studies in pursuit of an advanced professional degree, e.g., Doctor of Ministry (D.Min.) or Doctor of Educational Ministry (D.Ed.Min.). However, candidates planning to undertake doctoral studies in the academic tracts of religion, theology, biblical languages, philosophy, apologetics, or church

history should consider if NU's Master of Theological Studies will better serve their education goals. NationsUniversity M.Div. graduates are educationally prepared for possible careers as a minister, Bible teacher, chaplain, or other church/spiritual leader.

The M.Div. program features four components: (1) a general foundation for the work of ministry, (2) in-depth academic training, (3) field-based experience, and (4) a final professional paper. The NationsUniversity curriculum is structured to help distance-learning students acquire field experience in their own location, which is normally different and far removed from the U.S. field of ministry. Field-based courses which require a local supervisor are designated Supervised Ministry Experiences, or S.M.E. courses, and are indicated as such in the requirements that follow.

The curriculum is not organized around a question or theme peculiar to a given culture but is more universal in scope. Issues, which are current in the American context, may not be the particular issues which NationsUniversity is equipping its students to face. The issues of most concern to the personnel at NationsUniversity are those which are defined by the New Testament. While they include some of the same cultural items, they also include broader, global concerns, such as (1) the deity of Jesus in a pantheistic or post-modern world, (2) the pursuit of historical, biblical spirituality, and (3) living as a Christian in an environment dominated by non-Christian and atheistic ideologies.

Admission to the Master of Divinity

Admission to the M.Div. program will require the following:

1. Submission of an official transcript that indicates the completion of a bachelor's degree or higher in the discipline of religion, theology, or ministry from an accredited or nationally approved institution with a grade point average of 3.0 or higher.*
 - a. Bachelor's degree must represent 120 semester credits.
 - b. Bachelor's degree must include 30 semester credits of General Education.
2. Completion of 15 credits of graduate Foundations courses (MRS 622, M 1, M 2, M 3, and M 4) or the G.C.B.S. with a grade point average of 3.0 or higher.
3. Passing two (2) qualifying examinations.
4. Having no financial obligations to the University.
5. Submission of a TOEFL score of 550 or above or acceptable substitute (80 iBT, 6.5 IELTS, 58 PTE) by students whose native language is not English or who have not completed a previous degree taught completely in English.
6. A student is counted as a matriculated, degree-seeking student once they have completed their initial proctored exam.

**In the event a student cannot, for reasons beyond his/her control, submit official documentation of having completed the bachelor's degree, he/she may appeal to the Registrar and state the reasons. The Registrar will review the appeal and make a judgment as to how the requirement for documentation may be satisfied.*

Students who do not hold the B.R.S. from NationsUniversity may begin work with MRS 622 immediately after their application is accepted. However, official admission is not granted until all requirements above have been met. Students holding the NationsUniversity B.R.S. or M.T.S. should consult with their advisor before beginning any courses.

Applicants who do not hold an accredited or nationally approved undergraduate or graduate degree in the identified disciplines may apply to the M.T.S. program to meet these requirements. Thirty (30) credits earned as part of the 36-credit M.T.S. program may be applied to the M.Div. program. Upon completion of the M.T.S., students interested in the M.Div. must notify their advisor. The student's academic record will be reviewed before formal admission to the M.Div. program is approved and the student enrolls in courses.

Upon formal admission into the M.Div. program, students will be asked to provide a letter of cooperation from a local congregation or ministry. Students must have a local supervisor and a local cooperating congregation in order to enroll in Supervised Ministry Experiences (SMEs) and Final Project courses. The letter(s) must be received by the student's advisor before the completion of four courses (12 credits) in the M.Div. program.

Program Learning Outcomes

The outcomes of the M.Div. program are to prepare graduates to,

1. Demonstrate mastery of the advanced skills necessary for instructing and developing faith in themselves and others.
2. Apply current, research-based models of ministry with a recognition of the church's presence in diverse settings.
3. Have explored major historical developments of the Christian church, including both doctrines and practices.
4. Demonstrate an advanced understanding of the spiritual and personal traits necessary for ministry.

Course Requirements

The spiritual dimension and development courses bracket the program but are operative throughout. Courses M 1 through M 4, along with the corresponding proctored qualifying exams, provide evidence that the student has a comprehensive understanding of the biblical text, the theological message of the Bible, and exegetical methodology needed to complete the master's program. Students who complete the Graduate Certificate in Biblical Studies may apply those 15 hours towards these Foundation

courses. Foundation courses must be taken in the order listed below. Electives may be drawn in any order from any course numbered MRS 100-500, 700 after completion of the Foundation Courses.

Ministry courses may only be taken after the student has completed the Foundations courses. It is recommended that at least 21 hours of electives be completed before beginning Ministry courses to provide sufficient theological foundations for effective ministry.

After completion of all coursework and a proctored comprehensive examination, students must enroll in MFI 5 Church and Society and M 14 M.Div. Final Project. MFI 5 will direct the students in researching issues related to ministry in contemporary society and assist them in developing a proposal for their final project. M 14 will then direct the students in their implementation, evaluation, and reporting of their project findings. In these courses, students will produce one final professional paper that demonstrates the student's cumulative educational experience and its applicability to ministry.

Courses taken before January 1, 2012, may not be credited toward current program requirements, with one exception. Courses applied to the C.R.S. or M.R.S. award between 1/1/2012 and 12/31/2013 can be used to satisfy current program requirements.

Textbooks and other resources are available online in an electronic format, without cost to the student. Any purchase of hard copy books is totally optional.

Students normally complete degree requirements in effect when they are officially admitted, unless completion comes after seven years from initial admission. Course requirements may be adjusted at any time. The requirements are displayed in the curriculum assigned to their username and in older editions of the NU Catalog. These students may opt to complete their degree under the current requirements upon request.

Transfer Credits

Students who enter the M.Div. with graduate credit and/or graduate degrees in religious or related studies from an accredited institution, may transfer up to 30 semester credits toward the M.Div. Students who have completed other graduate degrees at NU are accorded the same privilege,

Application for Chaplaincy Certification Program

NationsUniversity does not offer ACPE-accredited courses in professional chaplaincy or award CPE units. However, students obtaining an M.Div. from NationsUniversity may apply to an ACPE-accredited Chaplaincy training program. For more information on Chaplaincy certification, to find ACPE-accredited programs, or to inquire about CPE equivalency, you may contact the Board of Chaplaincy Certification, Inc. at <https://bcciprofessionalchaplains.org>.

Academic Policies

Academic Platforms

NationsUniversity uses two platforms for managing a student's educational experience. The student's first encounter will be with elearning.nationsu.edu, which is hosted by Maestro. The eLearning site holds all of the student's academic and financial information. Students will use this site to apply to the university, request courses, pay tuition and fees (if applicable), and monitor their progress in their plans of study.

The eLearning site is directly connected to Moodle, our virtual classroom site managed by Remote-Learner. There is no direct access to Moodle; students must access all courses and materials through their individual dashboard on the elearning.nationsu.edu site.

Application

Since NationsUniversity is a year-round university and does not operate on a calibrated calendar, one may apply and begin at any time. To apply, potential students simply click on the blue "PROCEED" button of the opening page, <https://elearning.nationsu.edu>, fill out their information, and pay the one-time application fee of \$25. Should a student be unable to pay this fee by credit card through their student application ledger, he or she may write to the Registrar, registrar@nationsu.edu, for alternative ways to pay this fee. Your application may be cancelled if this fee is not paid within 90 days of application submission.

Each step in this process is confirmed by automated emails. The applicant will receive an email after completing the first part of the application. This email will contain a University-assigned username to be used with the student-generated password. This username and password will be used to log into the website to complete the remainder of the application and pay the application fee. The same username and password will be used to access the student's account information once the application is completed.

Upon completion of the application, including payment, the student will receive an email that includes a unique NationsU Student Client Code in the form of the student's country code and six random numbers (i.e. **us654321**, **eg123456**, etc.). This Client Code must be used when communicating with NU personnel including all faculty and staff. Do not share this Client Code with others.

New Applicants are immediately assigned to a Start-Up advisor, who will be available via email to answer questions and offer counsel on the academic process. The advisor, in turn, e-mails the student with instructions on how to proceed by starting with the Orientation and first course. Application completion does NOT admit one to a degree program. Soon AFTER application, please request official academic documents to be sent from the issuing institution to the NU Registrar. Admission to a credit/degree program of study comes with the evaluation of these entry credentials.

Incarcerated students can only be admitted from prisons that have certified proctors, and NU must limit the number of new applicants. For this reason, the potential incarcerated students should take care to complete an application in every detail including the signed Proctor Agreement. Those applicants accepted will be informed by postal mail and will receive a Student Client Code, Username, and Password. The Student Client Code must be used when communicating with NU. ***Incarcerated students must pay their application fee before a second course will be sent.***

Admission to an Academic Program (Certificate or Degree)

Admission to a certificate or a degree program requires applicants to possess the educational background, intellectual capabilities, and language skills necessary for college-level study. The following academic achievement is the standard that must be met for formal admission into a certificate or degree program. For specifics, see under each academic offering in the Academics section of this catalog.

More specific information relative to admission into a particular program (C.B.S., C.C.M., B.R.S., G.C.B.S., M.T.S., M.Div., D.Min.) may be found in the academic section under each program featured. Below are general regulations.

1. High school students are permitted to enroll in college level courses at NationsU provided they are in their last two years of high school. A High School student may register and take up to four college credit courses at NationsUniversity, IF they provide an official HS transcript, a letter of permission from a parent or guardian and a letter of recommendation from their HS counselor or principal. High school students taking NU courses during their senior year must still submit proof of graduation in order to be officially admitted to a degree program at NationsUniversity. The school does not specifically target or promote itself to compulsory school aged youths.
2. No student is formally admitted into an academic program prior to receipt of an official transcript (or other official certification of the highest education level attained), except in documented special circumstances (see #8).

3. A 3.00 cumulative grade point average C.G.P.A. is required on undergraduate work for admission into a graduate program. If a student has less than a 3.00 C.G.P.A., he/she may be given permission to attempt 6 semester credits of graduate work as a probationary student to prove he/she can perform at the graduate level.
4. Students are required to have an official academic credential sent directly from the issuing institution (or when not available in certain countries, an authenticated or notarized copy) before an evaluation can be made. If a student wishes to enter the C.B.S. or B.R.S. programs, these credentials must indicate that the student has graduated from secondary school or high school. If a student wishes to enter a master's level program, his or her credentials must indicate a four-year bachelor's (or higher) degree or the equivalent from an accredited or nationally approved institution.
5. Following an evaluation of the student's credentials by the Registrar, the student is notified of admission to a particular degree program and how many, if any, credits are accepted in transfer. The Letter of Admission is prepared and sent along with an Enrollment Agreement to the appropriate NU certificate or degree program. The student then signs the enrollment agreement and sends back this document along with his or her photo ID. The identification of the student is then assessed and compared with his or her signatures, documentation, and student file information. Once the enrollment agreement is signed by the Registrar as well and the student identification has been checked, a new fully signed letter is sent back to the student for personal record keeping. The information is recorded on the student's online record so all authorized parties—administrators, the student's advisor, and the student—will know the student's official status.
6. Quarter credits are converted to semester units. Official descriptions of credit allowances and degree requirements are sought for foreign institutions, knowing that foreign institutions are not always equivalent to U.S. standards.
7. The principal reasons a student is denied admission to a degree program are (1) a lack of appropriate credential documentation, (2) weakness in language skills, and (3) a low G.P.A. on an undergraduate degree.
8. In the case a student's transcript is not available due to living in a hostile country, natural disaster, or other circumstances deemed worthy, NU may ask for extra outside documentation. For example, the Registrar may document a newspaper article for the natural disaster or refugee papers for someone fleeing a hostile country, etc. At NU we understand that there are a lot of different kinds of international credentials and with different situations. If you have any questions on any of the requirements, please email, registrar@nationsu.edu.
9. Students without official credentials, due to the above situations, may be granted conditional admission as a case exception (CEW status) to a Certificate program (though some form of Bachelor's degree documentation is still necessary for CEW admission into the Graduate Certificate). Once a student has successfully completed either Certificate program, they can be admitted into the corresponding degree program. The University does not allow more than 10% of its Certificate students to be admitted under this policy.

Applicants to NationsUniversity's certificate or degree programs whose native language is not English and who have not earned a high school diploma or college/university degree from an approved institution where English is the primary language of instruction must demonstrate college-level proficiency in English through one of the following:

1. Test of English As a Foreign Language (TOEFL) or International English Language Test (IELTS)
2. Undergraduate: A minimum score of 500 on the paper-based Test of English as a Foreign Language (TOEFL PBT), or 58 on the Internet Based Test (iBT), (TOEFL CBT) score of 165. Or a 6.0 on the International English Language Test (IELTS) or 42 on the PTE** Academic Score Report;
3. Master's Degree: A minimum score of 530 on the paper-based Test of English as a Foreign Language (TOEFL PBT) or 70 on the Internet Based Test (iBT), (TOEFL CBT) score of 190, or a 6.5 on the International English Language Test (IELTS) or 50 on the PTE Academic Score Report;
4. A minimum grade of Level 3 on the ACT COMPASS's English as a Second Language Placement Test;
5. A minimum grade of Pre-1 on the Eiken English Proficiency Exam;
6. A minimum B1 English proficiency level identified within the Common European Framework of Reference (CEFR) standards and assessed through various ESOL examinations, including the University of Cambridge;
7. A transcript indicating completion of at least 30 semester hours of credit with an average grade of "C" or higher at an appropriately accredited college or university where the language of instruction was English; "B" or higher for graduate degrees, or
8. Undergraduate only: A high school diploma completed at an appropriately recognized high school (where the instruction is given in English).

The TOEFL iBT® code number **B699** has been assigned to NationsUniversity. Use the code number when indicating NationsUniversity as a score recipient.

Note: Applicants who cannot meet the above requirements due to economic or geo-political hardship or unavailability of testing services may petition to be accepted on a conditional basis with other documented sources of English study. If accepted, the student will be permitted to take a maximum of four courses in a Case Exception Watch (CEW) status. The student must achieve a GPA of 3.0 or higher at the end of the four courses. If the student's GPA is lower than the required 3.0 at the end of the four courses, the student will not be allowed to continue in the certificate or degree program and must establish English proficiency and then re-apply for admission.

Course Enrollment

Enrollment at NationsU refers to undertaking the study of any specific numbered course. The student may begin study immediately after application and fee have been completed, without any further administrative action. However, all students must complete the Orientation to NationsUniversity Online Studies (ONOS) and the appropriately leveled course, *A Search for Spirituality*, before beginning other courses. Enrollment in a course is confirmed and recorded by NU at the time the student takes the first exam required by the course and should be completed within 12 months.

Students may enroll in a course at any time and study at their own pace, taking each module exam whenever they feel they have mastered the material contained in that module. They are encouraged to complete one course before enrollment in another, but this is not required.

The first quarter of tuition begins upon Application acceptance date, since students have open access to all NU resources beginning this date. No course credit will be awarded until specified fees are paid.

1. Online Students request their courses in keeping with their academic plan of study and access them from their dashboard at elearning.nationsu.edu.
2. Prison Students are enrolled by the Director of Prison Services and mailed courses in a predetermined sequence in keeping with their academic plan of study.

Satisfactory Academic Progress

NationsUniversity reviews and advises students regularly regarding their academic progress and encourages them to meet the standards in the Satisfactory Academic Progress Policy. This review includes cumulative G.P.A., number of courses taken, and number of courses passed. Students are considered to be making satisfactory academic progress if their grades and course completions will facilitate the student graduating within 150% of the projected time to completion as listed in each program description.

All students at NationsUniversity receive on-going academic coaching by their advisors. Every student receives annual reviews of their academic progress, and advisors work with struggling students to develop a plan for success. This plan may include restructuring or realigning their courses, reducing their course load until they successfully complete a higher percentage, and referral to professors or other resources for additional work or material. Advisors track these students during this time.

Statement of Progress

Degree-seeking students are expected to follow the academic plan of study to which they are assigned. Advisors will offer guidance regarding courses, assignments, and other requirements. Because courses and plans of study are self-paced, students may complete their studies as their circumstances permit.

Students who are not significantly engaged in other activities may expect to complete a degree at the rate noted under each degree. However, the student may extend the period of study if a longer time is needed. If a student wishes to pause or discontinue his studies for any reason, he or she must request a hiatus or officially withdraw by sending an email to the Registrar or to the Director of Advising.

Student Status

A student is considered "Active" for any quarter in which he/she completes an assignment. A student is considered "Inactive" for two consecutive quarters of no assignment completions and no tuition payments. An "Inactive" student who has not been withdrawn may become active again without any academic penalty by contacting his or her advisor. Unless a Hiatus Status has been granted ahead of time by the Director of Student Advising (see next section), tuition shall still be due for the inactive quarters.

The student shall be considered "withdrawn" if there are no assignment completions and no tuition payments during any consecutive 12-month period. A withdrawn student may resume study upon official readmission by the Registrar and will be subject to any changes made to curriculum and/or tuition rates and/or admission/transfer policies. Current tuition rates will apply to student re-admissions from developed countries (Note: The developed countries list at NU for tuition purposes is subject to change from year to year).

Tuition Students Requesting a Hiatus

A student may take a break (hiatus) for up to 365 days. On the 366th day of inactivity, he or she is “Withdrawn” and must be formally readmitted, subject to new admission, tuition and catalog requirements. No payments accumulate if the Director of Student Advising was notified of the hiatus before the first day of the quarter for which the hiatus is requested. Please contact gailh@nationsu.edu for hiatus notifications so that your student file and financials may be marked as such.

If a student does not notify NU in advance and in writing of his or her intent to take a break, any tuition that accumulates during the inactivity must be paid prior to beginning again. If said student reaches 366 days of inactivity, he or she must contact the Registrar to be readmitted and must pay the accumulated year of tuition prior to re-admission. (This last stipulation ONLY applies to those who apply after January 1, 2020. “Inactive” and “Withdrawn” NU students prior to this date may return in the future without paying an accumulated year of tuition.) The calculating of the number of days inactive will begin with the first day following the last fully paid quarter of study.

****Non-Tuition Paying Students are also required to inform NU of a hiatus in order to avoid being withdrawn. Non-Tuition paying students who are withdrawn must be re-admitted under current standards.***

Credentials

Students must request their former school to submit an official transcript in order to gain admission to a degree program. If a student has multiple degrees, he/she needs only to submit the highest degree received, unless otherwise directed by the Registrar. Official credentials can be sent via post (P.O. Box 3342, Brentwood, TN 37024) or electronically through the issuing institutions’ electronic transcript service directly to NationsUniversity. If transcripts are ever sent via email from an issuing institution, they need to be sent from an institutional email address. Contact the Registrar for more information, registrar@nationsu.edu.

ID Verification, All students must submit a government issued photo ID card along with the signed enrollment agreement.

Transfer Credits

Transfer credit is recognized in keeping with accreditation standards and commonly accepted academic standards of American universities. However, credit acceptance is at the discretion of NationsUniversity and must be done from official academic documentation, meaning sent to NationsU directly from the issuing institution.

NU can accept in transfer only credits that have been earned in an accredited institution that is recognized by the U.S. Department of Education or a comparable foreign body. The institution accepts transfer courses for which the student has received a “Pass” or “C” or higher grade for the course. Credits must be unduplicated and must match the specific requirements for a NationsUniversity degree. If a transcript shows quarter credits instead of semester credits, the number of quarter credits is converted by multiplying by 2/3.

You may see previous courses that have transferred into NationsU on the TES (Transfer Evaluation System) page of the website under Office of the Registrar. Every time a new official transcript is sent to NationsU, it receives a fresh evaluation for transfer eligibility. Please note that TES is NOT a list of approved courses. However, it is a place to see what courses were approved for other NU students in the past. This TES page is found here: [TES Public View: NATIONSUNIVERSITY \(collegesource.com\)](https://collegesource.com)

NU will also grant a maximum of 30 undergraduate credits for any combination by examination like Cambridge, AP, or CLEP. Cambridge A-Level credit must be for a C grade or higher to be considered for 6 semester credits. Cambridge AS levels must also be a C grade or higher to be considered for 3 semester credits. AP credits must be a 3 score or higher for the amount of semester credits as identified by College Board and the NU code for SAT and AP score submissions you will need at College Board is 9154. CLEP score requirements are 50 or better to be evaluated and the CLEP score recipient code for NationsUniversity is 8031.

Regardless of transferred credits, each student is required to complete the NU foundational courses or CBS/GCBS courses (there is no transfer eligibility for these NU Certificates, core courses). Also, no credits are given for life experiences. More information on transfer policy can be provided by contacting the NationsU Registrar, registrar@nationsu.edu.

Transfer Credits to Other Institutions

NationsUniversity cannot guarantee that NationsUniversity credits will be accepted for transfer by other institutions. The final judgment in accepting NationsUniversity credits is the sole responsibility of the receiving institution.

Enrollment Agreements

All students who are formally admitted into a certificate or degree program at NationsUniversity sign an Enrollment Agreement stating that the student agrees to the policies and procedures of NationsUniversity. An Enrollment Agreement signed and validated by the registrar will be sent to the student. The student should return a completed and signed copy of the agreement to lindsey@nationsu.edu, or it can be sent by postal mail.

Course Materials

Each course is supported by a syllabus. The syllabus is the student's guide to a particular study. Normally, the syllabus summarizes the material to be covered, then directs the student to resources needed to complete the study. Resources needed to complete all assignments are in electronic format and accessible online without cost to the student.

Grades

Course grades are assigned based on a student's performance on course exams. The grading scale is as follows:

A=Excellent	(90-100%)	4.0 GP
B=Good	(80-89%)	3.0 GP
C=Pass	(70-89%)	2.0 GP

A minimum score of 70% is required to pass a course. For individual assignment grades, 70% is required on all written assignments, and 60% is required on all multiple-choice exams. However, the overall course grade must be at least 70%. A minimum score of 70% is required to pass a course.

Examinations

NationsUniversity courses contain multiple choice exams. Students will get three (3) opportunities to earn at least 60% (passing grade) on an exam. The exam link is under each module on the course menu, and each exam gives specific instructions on how to proceed. The time limit is stated on each exam. Students are not permitted to open an exam and leave it open longer than the time limit while continuing to study. NationsUniversity personnel are able to access student exams and determine what portions of the exams students have completed and the length of time the student takes to complete an exam. Students leaving exams open while studying will receive a "0" on the exam and will have to take it again.

Multiple-choice exam grades are available immediately after the exam is finished and are posted on the student's record within twenty-four (24) hours of completing the exam. The minimum score to receive credit for an exam is 60%. If a student scores less than 60%, he/she will be required to retake the exam after more study (a minimum of five days). Exam answers are not visible to students, and retakes will contain different questions. The first 60% or higher grade a student receives will be the grade recorded on the student's transcript. NU subscribes to the same standard as most educational institutions in that students may not retake exams to improve a score that is already passing. If the score is above 60%, the student should proceed to the next module. For independent students with access to a computer, most exams are taken online without a proctor.

Proctored Exams

1. Proctored comprehensive exams are required in pursuit of various degrees as follows:

- C.B.S. program—two exams (After BRS123 and BRS126)
- B.R.S. program—one exams (After BRS444)
- G.C.B.S. program—two exams (After M2 and M4)
- M.T.S. program—two qualifying exams and one final comprehensive (After M2, M4, and final course)
- M.Div. program—three qualifying exams (After M2, M4, and completion of 36 hours)

(M.Div. students with a non-NationUniversity master's degree may be exempt from the third exam)

2. Certificates and degrees are available to prison students only where there is a certified proctor. Generally, all exams taken by incarcerated students are proctored, but not necessarily by a certified proctor.
3. A student is counted as a matriculated, degree-seeking student once they have completed their initial proctored exam.

Procedures

1. If the student is unknown to the certified proctor, he/she shall present the proctor with a government-issued picture ID for verification. An incarcerated student's ID will be established via the prison security process.
2. The proctor will provide the necessary password for the exam once the student has logged into the course. The password is provided to the proctor via email.
3. The proctor remains with the student during the exam according to terms of the Proctor Agreement. Students are allowed to use textbooks, syllabi, or notes when taking exams. Proctors and students should read the instructions carefully before the exam is attempted.
4. Students should have no contact with any exam until they have studied the material and are prepared to sit for the exam.
5. Exams should never be used as study guides, nor should a proctor prepare study guides for their students using exams in their possession.

6. If students are taking exams in a group setting, there is to be no communication between students, no sharing of answers, and no assistance to any student by the proctor.
7. Proctors found to be in violation of any NationsUniversity policy or any of the guidelines in this document will first be issued a warning. Failure to comply following a warning will result in the proctor's dismissal.
8. Students who do not comply with the policies and guidelines of NationsUniversity will first be issued a warning. Failure to comply following a warning will result in expulsion.
9. Proctors must contact the student's advisor to validate and affirm completion of the proctored exam.

Requesting NationsUniversity Trnscripts

Students are able to order official NationsUniversity transcripts for a variety of reasons: potential or current employment, volunteer work, other academic programs, government approvals, personal use, etc. Transcript requests are welcome at NU and can be made through Parchment Exchange.

To make a transcript request click on the **Order Records** button on the "Office of the Registrar" page. This page is found under the **Resources** tab at the top of the NationsU website, nationsu.edu. Students and alumni can also click on Official Transcripts at the footer of each web page. This leads to the NationsUniversity/Parchment ordering website. Students will create a login and follow the prompts for official transcript orders. The fee for electronic transcript processing and delivery is only \$10 and this is the most secure and fastest way. For standard delivery printing and mailing, official NationsUniversity transcripts are \$12.50 domestic and \$15 international. Transcript fees are subject to change.

Official transcripts are printed on secure paper and contain the seal and signature of the Registrar along with a Transcript Guide page. You may order as many transcripts as you like and fees are paid through the Parchment/NationsU website following the ordering prompts and using a credit card. For additional help or any questions regarding transcript orders, contact registrar@nationsu.edu or write to the Director of Prison Services.

Graduation

NationsUniversity holds three graduations per year: May 1st, September 1st and December 1st. Students planning to graduate must inform their advisor 6 weeks prior and meet all graduation requirements for their program by two weeks before the above listed times, including graduation fee payment.

If you are nearing graduation, stay in contact with your advisor to work with him or her for program completion. Also, make sure to check your inbox weekly for graduation information and tasks. The Registrar's office will need to confirm your award details and congratulate you for your achievement. Please pay your graduation fee through your student ledger. An invoice will be placed there once all of your academic requirements have been met.

Within two to three weeks after the graduation date, Digital Diplomas are issued by email to graduates (or to the sponsor email for incarcerated graduates) at no extra cost to the graduate. Physical Diplomas are mailed within that same time frame by post to those graduates who have paid their graduation fee and responded to the Graduation Email from the Registrar's Office confirming their correct details and mailing address.

Graduation Ceremony

NationsU has three official graduations each year in May, September, and December. A listing of the names of the graduates appears in the Voice of Nations newsletter after each graduation. The link to Voice of Nations is located in the footer of the website and on the Graduation Ceremony page. The Graduation Ceremony page is updated on the website immediately after the May graduation. The Graduation Ceremony page, which honors all graduates over the last 12 months, includes:

- Videos of the Commencement speech from an NU Administrator or Faculty,
- An encouraging speech from the Alumnus of the Year,
- A benediction from either the Chaplaincy department or the NUAA.

Statute of Limitation

There is no statute of limitations on undergraduate or graduate courses or individual work completed at NationsUniversity® on or after January 1, 2012. Courses and/or coursework completed at NationsUniversity® prior to January 1, 2012, may not be used to satisfy degree requirements for graduation. There is no statute of limitations on a completed degree from NationsUniversity® for the purpose of qualifying for continued studies at the next higher academic level. However, a seven-year statute of limitations is placed on the life of degree program requirements.

Revocation of Academic Award

A degree or certificate may be revoked by the university when a student has been found to have obtained the degree under fraudulent circumstances. Examples include the following.

1. Falsification or omission of application information.
2. Violation of Honor Code which resulted in credit being earned for courses not completed by the student.
3. Financial fraud or misrepresentation of financial facts to obtain financial assistance or discounts.

Student Policies

NationsUniversity is committed to a high level of academic study and personal ethics. NU strives to provide quality education that is accurate, research-based, unbiased, and deserving of respect. Likewise, NationsUniversity personnel are selected because of their personal commitment not only to providing quality service, but also service in the pattern of Christ. NU desires to operate with honesty, integrity, and understanding, providing superior education that emulates the spirit of Christ. As such, NationsUniversity encourages students to pursue their studies with diligence, striving to submit the highest quality of work that they are able to provide. Students are expected to follow the Honor Code below and act in a way that reflects the values that NU upholds.

Non-Discrimination and Disability

Though exempt from regulatory compliance, NationsUniversity follows the intents and purposes of Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, and the American Disabilities Act of 1990. NationsUniversity does not discriminate on the basis of race, color, religion, sex, or national origin in its activities and programs. As a faith-based institution, employment practices are exempt from the religion requirement but follow all other non-discriminatory practices.

Learning Differences and Accommodations

NationsUniversity recognizes that learning styles vary, and learning differences exist among students. This can be due to physical or psychological conditions. Any student who requests specific accommodations should submit documentation verifying the need. This documentation should be sent to the NU Registrar and/or Director of Student Services office at least 15 days prior to the beginning of a course or program. Documentation should include:

- The credentials of a qualified professional, such as a physician or licensed psychologist or counselor who can attest to the need for accommodation based on a clinical diagnosis.
- A qualified professional's description of the following:
 1. the nature of the disability and the accommodation requested;
 2. the applicant's current functional limitations; and
 3. projected progression or stability of the disability.
- Recommendations for accommodations.

NU will review all requests for accommodation and will determine if the accommodations can be met reasonably and feasibly. NU will discuss a plan for accommodations with the student and with any involved faculty members. While NU desires to assist all students, certain services are not feasible and cannot be provided by the University. For example, NU is not able to provide personal tutors or assist with technology. It cannot compromise its academic standards or course components. Students may appeal any ruling regarding accommodations by filing a formal grievance using the University's grievance procedure.

Honor Code

NationsUniversity encourages students to act in an ethical manner in their academic studies as defined in the institution's Honor Code. Violations of the Honor Code may not be intentional, as students come from a wide range of cultural and academic backgrounds where different standards and definitions of "cheating" exist. However, students are responsible for reading and understanding the Honor Code and will be held to the standards outlined in it.

NationsUniversity requires that all students complete assignments and exams in an ethical manner in keeping with the values of NU and the Honor Code. Honor Code violations include:

1. **Unauthorized Assistance:** When a student receives help on an assignment or exam from another student or from artificial intelligence platforms when independent work is required. An example of Unauthorized Assistance is taking an exam and asking a fellow student or using the internet to help answer a question. In some cases, students may be allowed to work in groups on an assignment. However, students must follow the guidelines stated in the syllabus regarding the assistance from others.
2. **Cheating:** Using your own or someone else's work on an assignment/exam when it is not permitted. An example of cheating is using study notes when taking an exam if the syllabus says that no notes are permitted when taking the exam. Cheating is also asking a fellow student, friend, etc., for answers to exam questions.
3. **Falsifying:** This could also be called lying or not telling the entire truth about a situation. An example of falsifying is a student who did not do an assignment (for example, give a short Bible talk), but writes a paper saying that he/she actually gave the talk.
4. **Multiple Submission:** Submitting an assignment that a student has previously used for another course. An example of Multiple Submission is submitting an essay for Eng 1 and then submitting the essay again for

Eng 2. Even work that has been changed slightly is considered a multiple submission. Students must do a new assignment each time.

5. **Plagiarism:** This is the Honor Code violation that occurs most frequently among students. Plagiarism is using someone else's work but saying that it is your own and not giving credit to the source. Students must acknowledge all sources they use for assignments. An example of Plagiarism is using a quote from a book or from the Internet and not saying that it came from a book or Internet. Students cannot copy information from a book or the Internet or other source without saying that it came from that book/Internet/other source. Plagiarism gives credit to the student when the student did not actually think of the ideas.
6. **Computer-created content:** When a student receives help on an assignment or exam from another student or from artificial intelligence platforms when independent work is required. An example of Unauthorized Assistance is taking an exam and asking a fellow student or using the internet to help answer a question. In some cases, students may be allowed to work in groups on an assignment. However, students must follow the guidelines stated in the syllabus regarding assistance from others.

Use of Generative Artificial Intelligence (ChatGPT and equivalent)

NationsUniversity is built upon several pillars of distance education. Two of those pillars are (1) independent study and (2) academic integrity. The advent of Generative Artificial Intelligence, or better known as ChatGPT, has provided opportunities for the first and challenges for the second. As such, NationsU administration wants to be clear on its expectations.

Generative AI is a great tutor for students. You are encouraged to use this software to explore questions and concepts that you may be struggling with. Working with Generative AI to strengthen your understanding of the materials is a valid use of the software.

Generative AI can also be a source of cheating for students. The use of Generative AI to write papers is different in some ways from plagiarism, but it is equally dishonest. You are using information from the internet and claiming it is your own original work. This form of cheating cannot be tolerated.

Therefore, when you have an assignment that calls for you to write on a topic, YOU must write the paper. The thesis, the organization, the rationale, and the writing must originate with you, the student. However, if you are struggling with how to explain or apply a concept, take advantage of Generative AI's ability to provide clarity. Do not copy it's response directly to your paper, but assimilate the response with the course material to strengthen your own understanding, and then write the essay from your understanding and insights.

Again, NationsU administration recognizes the value of Generative AI. As long as it is used to support and enhance YOUR understanding, it is a wonderful tool. Do not cross the line by allowing it to write your responses to essays and other written assignments.

The policy for handling Honor Code violations is as follows:

1. NationsUniversity advisors and faculty carefully review all student essays and assignments to assure that students are following guidelines and the Honor Code.
2. If an advisor or a faculty member suspects or has reasonable proof that a student has violated the Honor Code, he/ she will contact the student (via e-mail or post) and ask the student about the possible violation. The student may admit or deny he/she violated the Honor Code.
3. Based on the student's comments and the evidence presented, the advisor/faculty member will determine if the Honor Code has been violated. If the student is determined not to have violated the Honor Code, he/ she may proceed with studies.
4. If it is determined that the student did violate the Honor Code, the advisor/faculty member will implement the following consequences depending on the severity of the violation:
 - a. Student will not receive a passing grade
 - b. Student will be required to do the assignment over
5. The advisor/faculty member will communicate the consequences to the student via e-mail or post, and the violation will be recorded in the student's User Report..
6. A second violation of the Honor Code will be turned over to the Director of Student Services, and the student may be temporarily suspended from taking courses. The Director of Student Services will communicate the findings and the consequences with the student, and the violation will be recorded in the student's User Report.

7. A third violation of the Honor Code will be turned over to the Chancellor, and the student may be permanently suspended from taking courses. The Chancellor will communicate the findings and the consequences with the student, and the violation will be recorded in the student's User Report.

Copyright Policy

NationsUniversity requires compliance with the copyright law of the United States, which prohibits reproduction of copyrighted material, except under certain specified conditions. Acts of copyright infringement include, but are not limited to, misusing copyrighted material in one's coursework and misusing material for which the institution owns the copyright (i.e., website materials, course materials, publications, etc.).

Student Privacy

Under the provisions of the federal law known as the Family Education Rights and Privacy Act of 1974 (FERPA), eligible students, or where applicable, the parents of the students, are afforded certain rights pertaining to university records and personally identifiable information on file with the institution. An eligible student is defined as any person who is currently enrolled or has been enrolled in the institution's programs. It is the policy of the institution to treat all student information, both personal and academic, as strictly confidential. Student information will only be released after appropriate written permission has been obtained.

Student records are maintained and viewed only by authorized NationsUniversity personnel. Under no circumstance is student information divulged to the general public without the student's consent. Students are not permitted to view other student's personal information. Student data are maintained electronically and/or in hard copy and protected from unauthorized access.

NationsUniversity further protects students from the possibility of arrest and harassment when they live in a country inclined to take action against citizens who engage in unauthorized religious study. In such countries, postal contact is limited or curtailed. Persons assigned to communicate with these students are trained to deal with the delicate situation. NationsUniversity is in compliance with the General Data Protection Regulation (EU) 2016/679.

Students can request to have their names withheld from public view in the online list of graduates. Student names, personal testimonies, and pictures are published only with a student's written (e-mail or post) consent.

Complaints and Grievances

The University encourages all who have complaints to resolve them informally. The complainant shall identify the person responsible for the area of concern, e.g., a professor for grades; the registrar for admissions; the Director of Fiscal Affairs regarding finances. If that person is not responsive within two weeks, the complainant may contact the next level. e.g. grades disputes are directed to the Director of Academic Affairs; dissatisfaction with the Advisor are addressed to the Director of Student Services. If there is no response at the second level, the student may register his complaint with the CEO.

Policy

The University encourages all student or employee complaints to be resolved through informal, interpersonal communications between the parties impacted. Many complaints can be quickly resolved through effective communication and cooperation. However, there may be situations that require a more formal process. Therefore, the University has adopted an informal complaint procedure and a formal grievance procedure in which the student, volunteer, administrator, employee, or any other person can seek assistance from the university to resolve an issue or concern.

Definitions:

1. Complaint—A complaint is the initial effort by students, employees, volunteers, or others to request assistance from the university to resolve a conflict arising from routine operations. Examples of complaints include but are not limited to a student dissatisfied with a professor's application of a grading rubric, an employee who feels a supervisor does not provide sufficient guidance for successful job completion, or a volunteer who is repeatedly left out of critical communications.
2. Grievance—A grievance is the formal process initiated by students, employees, volunteers, or others to seek assistance from the university to resolve a conflict that (a) was not resolved at the informal level or that (b) is a result of the university or one of its representatives violating institutional guidelines, including but not limited to university policy and procedures, federal or state laws, or accreditation standards.

Complaint Procedure:

1. A student may choose any form of written communication to inform the appropriate university representative of his or her complaint. In most cases, the complaint should be filed with one of the following administrators.
 - a. Faculty issues: Dean of Faculty
 - b. Advising issues: Director of Advising
 - c. Student Services issues: Director of Student Services
 - d. Admission or records: Registrar
 - e. Financial or business issues: Executive Vice-Chancellor
 - f. Prisons Student issues: Director of Student Services
 - g. In the event the complaint is against one of these university personnel, the complaint should be filed with the Compliance Officer.
2. The person filing the grievance must provide the following information.
 - a. Name and ID number,
 - b. Name of person or department against whom the complaint is filed,
 - c. Date of and reason for Complaint,
 - d. Efforts made to resolve problem, and
 - e. Desired resolution by complainant. The contact information for DEAC is Distance Education Accrediting
3. The identified supervisor will contact the person or department head against whom the complaint is filed to discuss possible resolutions.
4. The identified supervisor will then contact complainant to work out resolution to the issue.
5. If a resolution is found, the informal complaint process ends.

Grievance Procedure:

1. The grievance procedures are in place to assist students, volunteers, administrators, employees, or others in resolving complaints that (a) were not resolved through the informal complaint procedures or that (b) result from the university or its representatives failing to comply with guidelines, including but not limited to university policy and procedures, federal or state laws, or accreditation standards. Examples of such violations include the following.
 - a. Sexual Harassment,
 - b. Financial Irresponsibility or Fraud,
 - c. Failure to provide acceptable accommodations for disabilities,
 - d. Misrepresents the degree, educational services, or expected outcomes, or
 - e. Failure to meet university obligations as outlined in Enrollment Agreement,
2. The aggrieved party fills out the NU Grievance Form, which is available for download from NU's website or acquires a hard copy from its office at 650 Poydras St., Suite 1400, PMB 133, New Orleans, LA 70130. The aggrieved party is then required to fax or mail the completed form and all supporting documentation, including previous attempts at resolution, to the University's compliance officer within 60 days from the incident for which he or she is filing a formal grievance.
3. The Compliance officer after receiving the completed grievance form must notify the aggrieved via email or other acceptable method within 3 days that the University has received the completed form and has been assigned a formal grievance process number.
4. Assigning grievance process number is based on the year, the grievance is received, and a sequential number of the total grievances filed with the University, for that year. For example, a grievance is received by the University on December 20, 2018 and it is the sixth grievance received by the University. The compliance officer would assign the following number 2018-6. Thus for a grievance received on February 3, 2017 and it was the third grievance received during the year the compliance officer would assign the official grievance process number 2017-3.

Stage One (Compliance officer)

Compliance officer contacts all parties involved and attempts to resolve the issue. If the compliance officer finds a solution that is acceptable to the aggrieved, the formal grievance process ends, and all forms and paperwork involved

is archived for three years. The compliance officer must photocopy and then return the original grievance form to the aggrieved at which time the aggrieved will send an email to the compliance officer affirming they are now satisfied.

Stage Two (CEO)

If the compliance officer is unsuccessful in resolving or otherwise correcting the problem the compliance officer will forward the complete file to the University's Chief Executive Officer who, in collaboration with the compliance officer and one other NU staff member, will address the grievance. At this time, the CEO can:

1. Reject the grievance as being frivolous, untrue, unfounded, or it is an issue that cannot be grieved.
2. Determine the issue is beyond the scope of the University's grievance procedure process i.e. criminal act, professional malpractice, and civil litigation.
3. Partially accommodate the aggrieved.
4. Fully accommodate the aggrieved.

Stage Three (Board Regents)

Within 10 days of receiving the grievance file, the CEO and Compliance officer will notify the aggrieved in writing of the determination. If the determination is 1, 2, or 3, the aggrieved can appeal and request that two University Regents and one neutral party reconsider the grievance. (It is at the discretion of the Board of Regents how, where and when this will be conducted i.e. telephone, in person or Skype.) The Board chooses the neutral party or can decide to let the aggrieved put forth their own neutral party. Under no circumstances is the University obligated to pay for the aggrieved to have a neutral party present at the conference whether by skype, in person, or telephone.

If the aggrieved is not satisfied with the Board of Regent's conference determination, they may seek whatever action they feel necessary from an outside source. The University will deem the issue beyond the scope of further University grievance process. After which time the University will archive and store all documents and notes pertaining to this particular grievance for ten years.

Note: Under no circumstances will NU use any staff that is named in the grievance as decision makers in the grievance process.

Additional Means of Grievance

At any time before, during or after any complaint or grievance process the aggrieved can contact any counsel, regulatory body, enforcement, judiciary or state department of education concerning his/her issue as they deem necessary.

NC-SARA Student Complaint Process

- a. Complaints against an institution operating under SARA policies go first through the institution's own procedures for resolution of grievances. Allegations of criminal offenses or alleged violations of a state's general-purpose laws may be made directly to the relevant state agencies.
- b. Complaints regarding student grades or student conduct violations are governed entirely by institutional policy and the laws of the SARA institution's home state.

- c. If a person bringing a complaint is not satisfied with the outcome of the institutional process for handling complaints, the complaint (except for complaints about grades or student conduct violations) may be appealed, within two years of the incident about which the complaint is made, to the SARA Portal Entity in the home state of the institution against which the complaint has been lodged. That SARA State Portal Entity shall notify the SARA State Portal Entity for the state in which the student is located of receipt of that appealed complaint. The resolution of the complaint by the institution's home state SARA State Portal Entity, through its SARA complaint resolution process, will be final, except for complaints that fall under the provision "g" below.
- d. While the final resolution of the complaint rests with the SARA State Portal Entity in the home state of the institution against which the complaint has been lodged, the SARA State Portal Entity in the complainant's location state may assist as needed. The final disposition of a complaint resolved by the home state shall be communicated to the SARA State Portal Entity in the state where the student lived at the time of the incident leading to the complaint, if known.
- e. While final resolution of complaints (for purposes of adjudication of the complaint and enforcement of any resultant remedies or redress) resides in certain cases with institutions (complaints about grades or student conduct violations), or more generally with the relevant institution's home state SARA State Portal Entity (all other complaints), the regional compact(s) administering SARA may consider a disputed complaint as a "case file" if concerns are raised against a SARA member state with regard to whether that state is abiding by SARA policies, as promulgated in the SARA Policy Manual. The regional compact may review such institutional concerns in determining whether a state under its SARA purview is abiding by SARA policies. Similarly, a complaint "case file" may also be reviewed by NC-SARA in considering whether a regional compact is ensuring that its SARA member states are abiding by the SARA policies required for their membership in SARA.
- f. SARA State Portal Entities shall report quarterly to NC-SARA the number and disposition of appealed complaints that are not resolved at the institutional level. NC-SARA shall make that information publicly available on its website. Such data will create transparency and can be used in determining whether a regional compact is ensuring that its SARA member states and those states' institutions are abiding by the policies required for state membership and institutional participation in SARA.
- g. Nothing in the SARA Policy Manual precludes a state from using its laws of general application to pursue action against an institution that violates those laws.

Student Services

Orientation to NationsUniversity Online Study (ONOS)

A proficient student is one who can *research, think critically, and write at a professional level*. Several tools are needed to reach this goal: resources, writing standard, and language helps.

Each NU student is expected to work through this non-credit Orientation prior to beginning study. If you do, you will save yourself time and frustration. If it becomes evident that you are not using these tools, your professor may stop your progress until you can demonstrate thorough familiarity with ONOS. There is nothing more important to us than to see you succeed!

ONOS can be found at the top of the Courses on the elearning.nationsu.edu homepage. Completing this course will set you on the path to success.

Advising

All students (except incarcerated students) are assigned an advisor to make sure they are able to proceed with their studies. Advisors are assigned to students based on their residence. The advisor provides the personal contact to help students understand NationsUniversity requirements and procedures, develop effective study and exam habits, and understand NationsUniversity course materials. Additionally, advisors support and encourage students to continue in their studies. Students should expect to receive an encouraging letter or e-mail from their advisor several times throughout the year.

Incarcerated students should write to Prison Services and send all email inquiries to prison.services@nationsu.edu. If a student has a question, he/she should first go to the Frequently Asked Questions page at nationsu.edu, then contact his/her advisor. NU offers no services toward job procurement, but is pleased to offer a letter of commendation, if requested.

Transfer Student Admissions

If you have already completed accredited courses at another institution, contact that institution to request your official transcript be sent to NationsU. Either electronic or paper transcripts directly from the institution are acceptable. Transfer credit evaluations are done simultaneously with your official admission; however, you may send new documents at any time after admission for a new transfer credit evaluation. Please email our Registrar at registrar@nationsu.edu if you have questions about this process.

NationsU uses the Transfer Evaluation System (or TES) to record course equivalency decisions. TES helps potential transfer students better determine how transfer credits will be accepted here at NationsU. TES allows anyone to go school by school and look at a list of courses that NationsU has approved at some point in the past and how those courses equate.

Please note that TES is NOT a list of approved courses. TES is a good place to begin a search for a course, because it indicates courses that were approved for other NU students in the past. Every time a new official transcript is sent to NationsU, it receives a fresh evaluation for transfer eligibility. If there is a new course equivalent to an NU course, we let the student know and post this in TES. If a course is no longer equivalent, we advise the student and remove the course from TES.

Service Time to Students

While NationsU operates year-round and is open to students 24 hours a day, 7 days a week, services are limited to actual business days. Business hours are Monday through Friday 8am to 4pm New Orleans Time (except for listed holidays below where NU offices are closed). Typically students can expect Admissions, Advising, Student Services, IT and Registrar departments to get back with them by email within 2 business days. Saturdays and Sundays are not considered NationsU business days.

Faculty response time to students will vary. However, generally students should expect assignment responses from Professors within two to four week's time. If a student feels it is taking too long for a paper to be graded, they should contact the advisor who can check on the grading.

NationsU is open for study 52 weeks per year. However, 8 of those weeks are designated seasonal breaks for the University:

- Spring Break (one week)
- Summer Break (four weeks)
- Thanksgiving or Fall Break (one week) and
- Christmas/Winter Break (2 weeks).

During these 8 weeks, Official Admissions is closed, meaning no official transcript evaluations for transfer students or official letters of admission are sent. Rolling enrollment is still in effect and students can be studying during the official admission process. Student services and advising may also be suspended or slower during these weeks. More specific information can be provided during a break week by writing to registrar@nationsu.edu. Urgent items such as transcript orders and technical issues will still be handled according to normal business day practices unless otherwise notified.

Prison student services is closed in the month of January and other break times may vary for this division. Email prison.services@nationsu.edu with any questions.

There are 3 Graduation Dates per year – May 1st, September 1st, and December 1st. Students planning to graduate with a Certificate or Degree should contact their advisor 6 weeks prior to apply for graduation. They will begin receiving graduation information once a week, during the 6 weeks leading up to graduation. Upcoming graduates must have completed all academic graduation requirements by two weeks prior to a graduation date. Please see page 64 in this handbook for more details.

Study Guide

Our goal is to help the student gain a deeper understanding of God and Scripture. However, courses are offered on a university-level. Students who struggle at this level are urged to give serious attention to the suggestions. This should enable students to pass exams on the first attempt. Begin study each day with these tools: a Bible, pen, outlined below.

1. If possible, print the PDF file for the course. A three-ring binder will be useful to keep the course organized.
2. Read all the introductory material in the syllabus first: Course Summary, Objectives, Procedures, Things to Know, etc. The course objectives will identify the learning that the course anticipates. The procedure page lays out the roadmap of the course. The Things to Know page is designed to pinpoint the key elements over which you will be examined.
3. Look at Module 1. Skim through it to see how it is organized. Notice bold headings, units, and outline numbers. Pay attention to what is important. Many students find highlighters or different colored pens are useful as they underline important points.
4. Read Module 1. If the reading seems easy to understand, read through the whole module first. Take notes at this time or take notes on second reading.
5. Complete all assignments and reflection activities. These activities require thinking deeply about the reading. Write down reflections to solidify the ideas more firmly.
6. Read and study all the Internet links or textbook readings. Examination questions are taken from assigned readings as well as the course syllabus.

Here are some Reading Strategies that may help.

Careful reading that results in higher level thinking makes the difference between success and failure. Good readers often use the following reading strategies.

1. **Question.** A reader needs to ask questions, especially when reading nonfiction material and textbooks. Questioning helps clarify meanings, reveal relationships, and strengthen memory.
2. **Connect.** Good readers find connections to themselves, something in the same text, or something in history. Notice if people, places, or ideas are connected in some way.
3. **Re-Read.** If a section is confusing or does not make sense, put a question mark in the margin. Reading a section again may clear up confusion. Drawing a diagram or chart may be helpful.
4. **Summarize.** Try putting the main points of a section or unit in one well-written sentence. Or identify the main ideas and sub-topics. If the section contains references to events, people, or dates, note on paper why these are important. You may find it useful to place sub-topics in an outline, as, for example, *The nature of spirituality may be analyzed from the standpoint of*
 - a. Spirituality awakening
 - b. Spiritual elements
 - c. Expressing inner spirit

5. **Vocabulary.** Vocabulary is essential in learning new concepts. Make a list of new and important words. Use the context to determine word meanings as well as a dictionary. An excellent website for vocabulary can be found at www.dictionary.com.
6. **Using your Bible.** Look up scriptures listed in your course. Study these passages as much as you study the course syllabus. Some answers are only found within the scriptures assigned.
7. **Taking Exams.** Extra time in study usually deepens a student's understanding of the material. Successful students open exams after they are fully prepared and confident of their ability to score a passing grade. When fully prepared (usually after two-seven days of study and review), click on the exam shown under the module just studied. Instructions will appear. Here are some tips.
 - Read the question and think through each answer choice.
 - Eliminate the ones that are not correct.
 - Carefully weigh each choice.
 - Choose the correct answer to the question.
 - When the exam asks you to mark the INCORRECT statement or response, be sure to look for the one answer that is false. Through the process of elimination, some choices can be discounted.
 - Take time to think through each choice and rationalize why you have chosen a particular answer.

The Professor

A professor is assigned to each course. The extent of professorial involvement is regulated by the nature of the course and the needs of the students. Professors have already been involved in course design and syllabus construction. Your professor will read and grade your submissions and provide feedback for improvement.

Because your advisor is most familiar with general study procedures, your first line of inquiry should go to him/her. The advisor can forward more advanced questions to the appropriate professor if you have not made contact with him/her through routine assignments.

Libraries and Resources

NationsUniversity maintains a significant online library for students who wish to explore sources that are available through electronic media. NationsUniversity is providing without charge EBSCOhost e-book collection which supplies an online research service with 375 full-text databases, a collection of 600,000-plus ebooks, journals, subject indexes, and an array of historical digital archives of necessary books needed for every course.

EBSCO supplies the required textbooks for each course and that textbook is available under the Electronic Collection listed in the menu of each course. These are available immediately to online students with the click of a mouse.

Change of Address

It shall be the student's responsibility to keep his contact information current. He/she may update personal information online or notify the Director of Student Services or the Registrar. Twice each year the university will ask students to confirm their current physical location.

Technologies

NationsUniversity places all courses online. These may be retrieved and downloaded through any electronic device that is capable of reaching the Internet. Adobe Reader Download and Text to Speech Software are accessible through the NU website.

Academic Calendar

NationsUniversity courses are available for study year-round. There are no semesters or quarters. Students may enroll in courses at any time. Although all administrators, staff, and faculty are on duty 365 days a year, students should allow personnel ample time for response to any party. Assignments may be graded on a weekly or monthly schedule. Specific questions may demand some research time. Advisors and Faculty do not keep standard office hours, but they can be reached by e-mail at any time.

The regulations in this edition of the NU catalog are binding on all students who matriculate during the calendar year 2022 (January 1 - December 31). Students who were accepted in a prior year and who have maintained continuous Active status are subject to the requirements of the catalog in place at the time of their acceptance. Students who become Inactive or withdraw from the university are subject to the catalog in force upon their return. A statute of limitations of seven years is placed on the life of any given catalog. v01.01.22.
